**Please complete this form and mail with your \$50 check to:
Tennessee Women's Political Caucus
P. O. Box 342503, Memphis, TN 38184-2503**

Our Focus

The TNWPC focuses on the education and training of women in all areas of political participation, from the importance of voting to running for office. We are committed to helping educate all women and girls, including those in Junior High School, High School and College.

TNWPC Workshops

The TNWPC works with other women's organizations and educational institutions across Tennessee to bring political awareness seminars to women in their area. We also offer Campaign Workshops geared to help women who are running for office or considering running for office, as well as campaign managers and volunteers.

The TNWPC has a wide variety of speakers from across the state that can speak to the importance of women being aware and involved in the political process and public policy making, legislation being proposed in the state legislature that will impact women and their families and the history of women's involvement in Tennessee.

Tennessee Suffragist's Monument

The TNWPC is spearheading a long-term statewide initiative to establish a monument in our capital city Nashville, to honor the Suffragists from Tennessee who worked so hard to gain women the right to vote.

Membership Benefits

For just \$50.00 per year, members receive:

Special Discounts to all TNWPC Workshops, Seminars and Events;

Quarterly Newsletters that focus on the work of the TNWPC, articles written by our members, upcoming events and profiles of women holding elected or appointed office across the state;

The opportunity to be involved with the long-term Tennessee Suffragist's Monument project;

E-mail alerts about legislative issues and invitations to political events across the state; and

The biggest benefit of being a member of the Tennessee Women's Political Caucus is the awareness that you are helping educate other women about the importance of becoming involved in the political process and public policy-making.
